Universal Scaffolding & Equipment (US&E) is a manufacturer and distributor of heavy-duty scaffolding, concrete forming, and shoring products headquartered in Memphis, Tennessee. Since 1984, they have supplied regional equipment rental companies, large forming/shoring providers, and major industrial or commercial contractors. The company is particularly known for its extensive equipment inventory, domestic engineering support, and rapid shipping turnaround times. Maintains one of the largest inventories of scaffolding, shoring, and forming products with a diverse product line to meet all customer needs. Universal Scaffolding & Equipment provides full CAD drafting, layout design, technical drawings, material lists, and professional engineering review and seal services. The company maintains one of the largest inventories of scaffolding, shoring, and forming products with a diverse product line to meet all customer needs. Its innovative scaffolding, shoring, and forming products are produced utilizing state-of-the-art manufacturing techniques, including casting, extruding, forging, machining, and stamping.
