Barnum & Celillo Electric, Inc. (BCE), headquartered in Sacramento, California, is an electrical contractor serving commercial and industrial clients throughout California. Founded in 1990, Barnum & Celillo Electric has grown to be one of the premier electrical contractors in the western United States. BCE puts highly skilled professionals in the field on every project. Professionals who are always accessible and available when you need them, right up to the principals of the company. You are assured senior level involvement throughout the construction process. The company's Service Department is ready to respond. It has a fully trained staff available 24 hours a day, seven days a week to get you back on-line. BCE customers are fully informed of each step necessary to complete the services needed.
