Atlas Butler Heating & Cooling is an HVAC company in Columbus, Ohio, providing commercial and residential plumbing heating and cooling systems, refrigeration (HVAC/R), and indoor air quality services. Atlas Butler hires and trains only the best technicians to get the job done right the first time. With fully stocked trucks and their ability to service appliances of any make and model, you can trust that your heating and cooling problems will be solved the best way possible. Since its start in 1921, Atlas Butler has provided residents of Central Ohio heating and cooling services. 100 years later, the company also become your trusted source for plumbing and drain cleaning needs. With the largest team of certified technicians, the largest fleet of service vehicles, and access to parts around the clock, Atlas Butler can offer its Same-Day Comfort Pledge. Atlas Butler pledges to have things in full working order the very same day.
