Huron Window Corporation is one of central Canada's premier designers and manufacturers of residential and commercial windows and doors. Manitoba family-owned and operated since 1980, Huron Window Corporation is dedicated to providing architects, designers, engineers, contractors, and builders with the services and products they need to complete their projects. The company prides itself on the quality of products its customers receive and the quality of service and after-sales service. That's why every Huron product comes backed by a warranty that mimics the quality, longevity, and peace of mind its products provide. Huron products are durable, maintenance-free, and manufactured with safety in mind – ultimately helping to keep money in business owners' pockets. Peruse the company gallery to see how business owners have incorporated Huron windows and doors into their buildings. Huron Window Corporation services Winnipeg, Manitoba, and surrounding provinces.
