World Plumbing Council (WPC) is an international organization that aims to develop and promote the plumbing industry's image and standards worldwide. The World Plumbing Council's mission is to unite the world plumbing industry to safeguard and protect the environment and the health of nations for the benefit of all. Celebrate the necessary role plumbing plays in modern society's health and safety - every year on March 11th.¹ Associations with a political, religious, scientific, cultural, charitable, social or other non-commercial purpose acquire legal personality as soon as their intention to exist as a corporate body is apparent from their articles of association.² The articles of association must be done in writing and indicate the objects of the association, its resources and its organisation.
