NAPCO, Ltd is a leader in products and training for tub, tile, shower, and countertop refinishers. It leads with innovative products that help its customers succeed.

Products include the first 24-hour and 4-hour coatings, a low VOC coating, a waterborne coating, and a methylene chloride-free stripper. The company is based in Skokie, Illinois, and offers refinishing and reglazing equipment, supplies, and hands-on bathtub, tile, sink, and countertop reglazing training, in convenient 2-day classes. NAPCO has been supplying refinishing coatings and equipment since 1979.
