Nau Builders, Inc. is a general contractor and developer headquartered in La Jolla, California, serving the San Diego area since 1985. It builds high-quality custom homes and mixed-use projects that accommodate all projects from conception to completion. To achieve sustained growth, the company operates with the highest quality customer service, and its employees are treated with the same respect, integrity, and importance as each of its customers and business partners. Nau Builders offers construction management services to run your project efficiently, effectively, and organized to minimize time and costs.
