Kaycan Ltd is a manufacturer of vinyl and aluminum building products headquartered in Quebec, Canada. With its product line that includes vinyl and aluminum siding, soffit, fascia and accessories, Kaycan's Duratron vinyl formulation is the foundation of all Kaycan vinyl siding, soffit, and accessories. This proprietary formulation is made with the finest ingredients and advanced manufacturing processes and is then tested continuously throughout the day, every day to ensure Kaycan provides the industry's most durable siding on the market. The company operates more than 1,500,000 square feet of manufacturing facilities in ten plants and 2,500,000 square feet of distribution space in 60 centers across North America.
