Lanai Doors is a California corporation with manufacturing facilities and corporate offices in Orange, California. Lanai Doors offers high-quality custom exterior and interior bifold door and window systems. The company has designed and constructed custom folding systems for various customers, including resorts, hotels, restaurants, schools, churches, country clubs, museums, zoos, and residential. Lanai Doors systems are installed throughout the United States, Canada, Mexico, Morocco, Costa Rica, and numerous islands in the Caribbean and Hawaii. Lanai works directly with architects, engineers, builders, contractors, and homeowners to create the best custom bi-fold solutions. These bifold sliding door systems are a great alternative to French doors and other custom door applications that could cost you twice the price. You will be pleasantly surprised at how affordable these custom doors are. Lanai Doors allows you to add beauty and elegance at an affordable price, creating a unique and expensive-looking environment that belies affordable pricing. The company proudly offers Lanai Doors™, considered the perfect alternative to traditional French doors.
