Patterson Comfort & Safety is a local radon mitigation contractor based in Dubuque, Iowa, offering inspections, testing, and customized radon mitigation system services to homes throughout Iowa and Wisconsin, including the Greater Dubuque area. The company is a member of the National Radon Defense network of radon mitigation experts. Patterson Comfort & Safety is a sister company to Patterson Heating and Cooling, a leader in indoor air quality. For over 40 years Patterson Heating and Cooling has been providing customers with top-notch sales and service technicians. In all that they do, from heating and cooling to fireplaces to radon mitigation, Patterson Comfort & Safety values honesty, humility, passion, determination, and optimism.
