Since 2001, Wyoming Landscape Contractors, Inc. has been a full-service landscaping company in Jackson, Wyoming. Among the services offered by WLC are design support and consultation, landscape development, gardens and grounds maintenance, tree care, irrigation systems, hardscapes, outdoor lighting, and water features, such as ponds. Working in Jackson and throughout the Rocky Mountain West, Wyoming Landscape Maintenance has worked with builders, design architects, property owners, managers, and caretakers of properties. The way WLC approaches each project is that the company recognizes landscapes and personal preferences are unique. Wyoming Landscape Contractors take a collaborative approach and listen carefully to your likes, dislikes, and budget requirements. Whether you want to create a new landscape design, change your current one, or maintain your property, WLC is the team you can trust. Its website includes a gallery of photographs depicting past work and client testimonials.
