DeFranzo Demolition can demolish any structure...from an outhouse to an 11-acre building. The company is a full-service demolition and removal contracting company. Offering free estimates, total demolition, asbestos inspection referrals, abatement referrals, and debris disposal to legal recycling facilities. Let one company handle all of your demolition & removal needs. This full-service demolition and removal company is licensed in New Hampshire and Massachusetts and is available 24/7 for emergency responses. DeFranzo Demolition also offers asbestos inspections and disposal of all debris to licensed recycling facilities and will handle any necessary permits, state notifications, and abatement referrals. A gallery of photographs highlighting past projects is available on the company's website, with testimonials and information about its qualifications. Anthony & Wendy DeFranzo acquired Danley Demolition in February 2021.
