The Association of Equipment Manufacturers is a North American-based trade association headquartered in Milwaukee, Wisconsin, representing off-road equipment manufacturers and suppliers, with over 1,000 companies and more than 200 product lines in the agriculture and construction-related industry sectors worldwide. AEM offers benefits to our members above and beyond reduced exhibit space rates at our trade shows and opportunities to participate in statistical reporting programs. Our vast member service offerings span various industries and departments. Also, they include representing collective global public policy interests, providing market intelligence information, and offering member education programs and technical and safety services, among several others. The association offers its members a comprehensive set of benefits found only through AEM membership: Market Data, Trade Shows, Advocacy, and Tech and Safety.
